2. All reviews are scheduled to be held in the DD/S&T Management Information Center, Room 6E6103.

3. Because of the severe demands on Mr. Duckett's time, we request that Office presentations be kept to the scheduled duration. In addition, we recommend that you forecast the second quarter contract actions by project totals rather than by each individual contract. Each project should be discussed in terms of major tasks to be accomplished with only certain contracts high-lighted because of their significance, cost, priority, risk or other factor of special interest.
